Forward-looking Statements

Statements in Exhibit 99.1 to this Current Report on Form 8-K may be "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Words such as "anticipate", "believe", "estimate", "expect", "intend" and similar expressions, as they relate to Terra Tech Corp. (the "Company") or its management, identify forward-looking statements. These statements are based on current expectations, estimates and projections about the Company's business based, in part, on assumptions made by management. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. Therefore, actual outcomes and results may, and probably will, differ materially from what is expressed or forecasted in such forward-looking statements due to numerous factors, including those described above and those risks discussed from time to time in the Company's filings with the Securities and Exchange Commission. In addition, such statements could be affected by risks and uncertainties related to: (i) our ability to integrate Black Oak Gallery, a California corporation ("Black Oak"), into the Company's operations, (ii) product demand, market, and customer acceptance of the Company's products, (iii) the Company's ability to obtain financing to expand our operations, (iv) the Company's ability to attract qualified sales representatives, (v) competition, pricing and development difficulties, (vi) the Company's ability to conduct the business of IVXX, Inc., the contemplated businesses of MediFarm, LLC, MediFarm I, LLC, and MediFarm II, LLC, if there are changes in laws, regulations, or government policies related to cannabis, (vii) the Company's ability to conduct operations if disease, insects, or mites affect Edible Garden Corp.'s produce, herbs, and floral products, and (viii) general industry and market conditions and growth rates and general economic conditions. Any forward-looking statements speak only as of the date on which they are made, and the Company does not undertake any obligation to update any forward-looking statement to reflect events or circumstances after the date of Form 8-K.

Terra Tech Corp. Granted License to Open Medical Cannabis Dispensary and Production Facility in San Leandro, California

San Leandro dispensary will be sixth Blüm location for Terra Tech

NEWPORT BEACH, Ca. – October 18, 2016 – Terra Tech Corp. (OTCQX: TRTC) (“Terra Tech”) or (the “Company”), a vertically integrated cannabis-focused agriculture company, today announced that Blüm has been granted a license by the City of San Leandro, California, to open a new retail facility.

Blüm will work with San Leandro City staff to develop a commercial cannabis facility that meets the needs of the residents of San Leandro and the requirements of the City on the 13,000 square foot site, located at 1911 Fairway Drive. Terra Tech expects to start construction of the new facility in January, 2017. The new Blüm location in San Leandro will significantly increase the availability of the Company’s proprietary IVXX™ brand of premium medical cannabis, flowers, shatter, wax and oil, in addition to other superior grade medical cannabis products from a range of reputable providers.

“San Leandro is a great city on the rise and we are delighted our team has been awarded a dispensary license to operate there,” commented Derek Peterson, CEO of Terra Tech. “Thanks to the efforts of the City of San Leandro’s administration and staff we have the privilege of increasing Blüm’s retail footprint and developing a new facility where we can expand the IVXX product line. California is a major market for Terra Tech and we welcome the opportunity to increase the Company’s production and retail capabilities to meet increasing demand for our premium medical cannabis products. The new facility at 1911 Fairway Drive really strengthens our presence in California.”

“A greater interest and understanding of cannabis in recent years has contributed to the growing legalization movement, leading to the emergence of new opportunities for leaders in the space. The upcoming November ballot initiative in California, if passed, would legalize recreational cannabis across the state and be a further boon to the cannabis industry, attracting new business and creating new jobs. As one of the earliest legal players in the cannabis industry, we are delighted with the support we have received in San Leandro and the positive direction we see both this city and industry moving towards,” concluded Mr. Peterson.

Executive Director of Blüm, Salwa Ibrahim stated “We are so excited San Leandro has welcomed us into the City. San Leandro created a very thorough multi year vetting process and we can’t wait for the real work to start. We are hoping to work with the city to develop an incubator program allowing us to partner with local producers in the development their own products; hopefully leading to exciting new innovations and joint ventures for the company.”
