Derek Peterson commented, "Terra Tech is the only U.S.-based, publicly-traded company that touches every aspect of the cannabis lifecycle—from cultivation, to extraction, to branding, to retail. This 'seed to sale' business model uniquely positions us to capitalize on the growing cannabis market at a time when more than half of U.S. states have some form of legalized cannabis and public perception has overwhelmingly shifted in favor of a legal, regulated market place. We invite shareholders, as well as investors who are interested in the cannabis industry, to join our presentation at the Virtual Investor Conference to hear about how Terra Tech is positioned to capture market share in this exciting emergent industry."
