**Terra Tech Corp. CEO, Derek Peterson, Discusses Recent News and Provides an Outlook for the Company in a New Audio Interview at SmallCapVoice.com**

AUSTIN, Texas—4/20/17-- SmallCapVoice.com, Inc. (SCV) and Terra Tech Corp. (OTC QX TRTC) ("Terra Tech") or (the "Company"), a vertically integrated cannabis-focused agriculture company, announced today that a new audio interview with the Company, is now available. The interview can be heard at <http://smallcapvoice.com/blog/4-12-17-smallcapvoice-interview-with-terra-tech-corp-trtc>.

Derek Peterson, CEO of Terra Tech called in to SmallCapVoice.com to go over the exciting news for Terra Tech Corp. Topics covered in the interview include the recent White House comments on the cannabis industry, market penetration in California, the overwhelming successes in Nevada, the steady growth for Edible Gardens and more.

In the interview, regarding the current administration's stance on cannabis, Peterson stated, "If we were having this conversation two years ago it wouldn't be what it is today, but last November we had eight of the nine pieces of national legislation go through. That shows overwhelming support for an expanded regulatory environment for cannabis even in swing states. If there's one thing this administration has built their platform around, it's state's rights."

Speaking about the Nevada markets, Peterson went on to say, "What we went after was eight permits thinking we would be thrilled to get two and we got all eight. Today, we have four operational retail dispensaries spread throughout the Las Vegas area as well as Reno. We are building two large scale cultivation and extraction facilities to meet the wholesale demand for the IVXX brand."
