Forward-looking Statements

Statements in Exhibit 99.1 to this Current Report on Form 8-K may be "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Words such as "anticipate", "believe", "estimate", "expect", "intend" and similar expressions, as they relate to Terra Tech Corp. (the "Company") or its management, identify forward-looking statements. These statements are based on current expectations, estimates and projections about the Company's business based, in part, on assumptions made by management. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. Therefore, actual outcomes and results may, and probably will, differ materially from what is expressed or forecasted in such forward-looking statements due to numerous factors, including those described above and those risks discussed from time to time in the Company's filings with the Securities and Exchange Commission. In addition, such statements could be affected by risks and uncertainties related to: (i) our ability to integrate Black Oak Gallery, a California corporation, into the Company's operations, (ii) product demand, market, and customer acceptance of the Company's products, (iii) the Company's ability to obtain financing to expand our operations, (iv) the Company's ability to attract qualified sales representatives, (v) competition, pricing and development difficulties, (vi) the Company's ability to conduct the business of IVXX, Inc., the contemplated businesses of MediFarm, LLC, MediFarm I, LLC, and MediFarm II, LLC, if there are changes in laws, regulations, or government policies related to cannabis, (vii) the Company's ability to conduct operations if disease, insects, or mites affect Edible Garden Corp.'s produce, herbs, and floral products, and (viii) general industry and market conditions and growth rates and general economic conditions. Any forward-looking statements speak only as of the date on which they are made, and the Company does not undertake any obligation to update any forward-looking statement to reflect events or circumstances after the date of Form 8-K.

An Exclusive New Audio Interview with Terra Tech Corp. CEO, Derek Peterson, is now at SmallCapVoice.com

AUSTIN, Texas—6/13/17-- SmallCapVoice.com, Inc. (SCV) and Terra Tech Corp. (OTCQX: TRTC) ("Terra Tech") or (the "Company"), a vertically integrated cannabis-focused agriculture company, announced today that a new audio interview with the Company, is now available. The interview can be heard at <http://smallcapvoice.com/blog/6-9-17-smallcapvoice-interview-with-terra-tech-corp-trtc>.

Derek Peterson, CEO of Terra Tech, called in to SmallCapVoice.com to discuss the latest news for the company, the recent activity in the Company's stock, his perspective on the changes in the board of directors and what to expect from the Company in the upcoming summer months

In the interview, referring to the Blüm acquisition, Peterson stated, "There's a lot positives being able to use stock for acquisition purposes. The positives were that we grew the Company's top line revenue substantially, we were able to grab a tremendous amount of market share, and we were able to save and conserve cash. The negative was a year later these people were obviously going to want to convert that stock to cash rightfully so. So, we think there has been an additional amount of pressure in the market because people are ultimately converting that stock. I do think that is short term and systemic of using equity for acquisitions."

Peterson went on to say, "If you look at where the Company is today compared to where it was just a couple of years ago, what a huge difference. We have five retail cannabis stores and a sixth one opening shortly. We have a substantial cultivation footprint in multiple marketplaces. We are expanding our cultivation footprint in the Nevada market place. We have recreational adult use sales happening in multiple markets. We have a five acre fully automated, high tech vegetation/cultivation facility in New Jersey. We have a lot of great opportunities ahead of us and we are going to lean into hitting this \$38-40 million revenue number that we projected for 2017."
