### **Forward-looking Statements**

Statements in Exhibit 99.1 to this Current Report on Form 8-K may be “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Words such as “anticipate”, “believe”, “estimate”, “expect”, “intend” and similar expressions, as they relate to Terra Tech Corp. (the “Company”) or its management, identify forward-looking statements. These statements are based on current expectations, estimates and projections about the Company’s business based, in part, on assumptions made by management. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. Therefore, actual outcomes and results may, and probably will, differ materially from what is expressed or forecasted in such forward-looking statements due to numerous factors, including those described above and those risks discussed from time to time in the Company’s filings with the Securities and Exchange Commission. In addition, such statements could be affected by risks and uncertainties related to: (i) our ability to integrate Black Oak Gallery, a California corporation, into the Company’s operations, (ii) product demand, market, and customer acceptance of the Company’s products, (iii) the Company’s ability to obtain financing to expand our operations, (iv) the Company’s ability to attract qualified sales representatives, (v) competition, pricing and development difficulties, (vi) the Company’s ability to conduct the business of IVXX, Inc., the contemplated businesses of MediFarm, LLC, MediFarm I, LLC, and MediFarm II, LLC, if there are changes in laws, regulations, or government policies related to cannabis, (vii) the Company’s ability to conduct operations if disease, insects, or mites affect Edible Garden Corp.’s produce, herbs, and floral products, and (viii) general industry and market conditions and growth rates and general economic conditions. Any forward-looking statements speak only as of the date on which they are made, and the Company does not undertake any obligation to update any forward-looking statement to reflect events or circumstances after the date of Form 8-K.

#### **Item 7.01 Regulation FD Disclosure.**

### **Terra Tech Corp.'s Blüm Dispensaries in Nevada to Commence Adult Use Cannabis Sales on July 1<sup>st</sup>**

*Terra Tech's entry into the adult-use market significantly expands its potential customer base, representing a major milestone in the Company's development*

Irvine, CA — June 30, 2017 – Terra Tech Corp. (OTCQX: TRTC) (“Terra Tech” or the “Company”), a vertically integrated, cannabis-focused agriculture company, today announced its Dual Use Marijuana business licenses have been approved by the State of Nevada Department of Taxation. This approval allows all four of the Company’s Blüm cannabis dispensaries in Nevada to commence sales of cannabis for adult-use, starting Saturday, July 1, 2017.

In November 2016, residents in the State of Nevada voted to allow regulated sales of cannabis for adult-use. In May 2017, Nevada’s Tax Commission approved temporary regulations to allow an “early start” for adult-use cannabis sales to commence July 1, 2017. This early rollout will make Nevada the fifth state with an operational adult-use market and the first to launch since last November's election. The state’s adult-use cannabis program is projected to generate more than \$70 million for the state over the first two years, according to data from the Las Vegas review Journal.

Derek Peterson, Chief Executive Officer of Terra Tech Corp., commented, “Today, Terra Tech’s cannabis operations have expanded from being purely focused on serving the needs of patients to encompassing the adult-use cannabis market in Nevada. Receiving our Dual Use Marijuana business licenses is a major milestone for the Company and we are proud that all four of our medical dispensaries were granted approval to enter the adult-use market. Our dispensaries will offer our proprietary IVXX brand of premium cannabis, flowers, shatters, waxes and oils, among other high-quality cannabis products from a range of reputable providers of superior grade medical and adult-use cannabis. As we roll out these products to the adult-use market we are committed to ensuring that medical cannabis patients will continue to receive superior service at our dispensaries.”

As one of the medical cannabis companies granted approval to expand into the adult-use market, Terra Tech can now serve the needs of both medical patients and adult use customers alike in the same facility. This represents a major expansion of the Company’s potential customer base which also includes the 40+ million tourists who visit the Las Vegas Area, and the almost five million tourists who visit Reno, annually
