Forward-looking Statements

Statements in Exhibit 99.1 to this Current Report on Form 8-K may be "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Words such as "anticipate", "believe", "estimate", "expect", "intend" and similar expressions, as they relate to Terra Tech Corp. (the "Company") or its management, identify forward-looking statements. These statements are based on current expectations, estimates and projections about the Company's business based, in part, on assumptions made by management. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. Therefore, actual outcomes and results may, and probably will, differ materially from what is expressed or forecasted in such forward-looking statements due to numerous factors, including those described above and those risks discussed from time to time in the Company's filings with the Securities and Exchange Commission. In addition, such statements could be affected by risks and uncertainties related to: (i) our ability to integrate Black Oak Gallery, a California corporation, into the Company's operations, (ii) product demand, market, and customer acceptance of the Company's products, (iii) the Company's ability to obtain financing to expand our operations, (iv) the Company's ability to attract qualified sales representatives, (v) competition, pricing and development difficulties, (vi) the Company's ability to conduct the business of IVXX, Inc., the contemplated businesses of MediFarm, LLC, MediFarm I, LLC, and MediFarm II, LLC, if there are changes in laws, regulations, or government policies related to cannabis, (vii) the Company's ability to conduct operations if disease, insects, or mites affect Edible Garden Corp.'s produce, herbs, and floral products, and (viii) general industry and market conditions and growth rates and general economic conditions. Any forward-looking statements speak only as of the date on which they are made, and the Company does not undertake any obligation to update any forward-looking statement to reflect events or circumstances after the date of Form 8-K.

Item 7.01 Regulation FD Disclosure.

On July 2, 2017, Terra Tech Corp. (the "Company") posted the following message on its Facebook page (<https://www.facebook.com/terratechcorp/>).

"As most of you know yesterday adult use cannabis became legal to sell in Nevada and team Terra Tech killed it! The sales surpassed any of our expectations. To put it in perspective; in 2011 our company's total revenue was about \$500,000. Yesterday through our 4 retail facilities in Nevada and our continued strong performance in Oakland we did about half what we did in all of 2011 in a single day! That doesn't happen without an amazing team at Blum, and strong back office, and obviously a ton of work. Nevada will be one of the major growth drivers for the company in the coming years and we are fortunate to have this opportunity because of the countless hours we've spent on securing these permits, building the facilities and most importantly training and developing our staff who executed with perfection yesterday. Also thank you to our shareholders who have stood by us over the last few years, it's always tough to be patient when in the building phase but now we begin to harvest the fruits of the work we have done. We look forward to an exciting second half to 2017!"
