Forward-looking Statements

Statements in Exhibit 99.1 to this Current Report on Form 8-K may be "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Words such as "anticipate", "believe", "estimate", "expect", "intend" and similar expressions, as they relate to Terra Tech Corp. (the "Company") or its management, identify forward-looking statements. These statements are based on current expectations, estimates and projections about the Company's business based, in part, on assumptions made by management. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. Therefore, actual outcomes and results may, and probably will, differ materially from what is expressed or forecasted in such forward-looking statements due to numerous factors, including those described above and those risks discussed from time to time in the Company's filings with the Securities and Exchange Commission. In addition, such statements could be affected by risks and uncertainties related to: (i) our ability to integrate Black Oak Gallery, a California corporation, into the Company's operations, (ii) product demand, market, and customer acceptance of the Company's products, (iii) the Company's ability to obtain financing to expand our operations, (iv) the Company's ability to attract qualified sales representatives, (v) competition, pricing and development difficulties, (vi) the Company's ability to conduct the business of IVXX, Inc., the contemplated businesses of MediFarm, LLC, MediFarm I, LLC, and MediFarm II, LLC, if there are changes in laws, regulations, or government policies related to cannabis, (vii) the Company's ability to conduct operations if disease, insects, or mites affect Edible Garden Corp.'s produce, herbs, and floral products, and (viii) general industry and market conditions and growth rates and general economic conditions. Any forward-looking statements speak only as of the date on which they are made, and the Company does not undertake any obligation to update any forward-looking statement to reflect events or circumstances after the date of Form 8-K.

Item 7.01 Regulation FD Disclosure.

On September 7, 2017, Terra Tech Corp. Terra Tech Corp. Files Provisional Patent Application for Cannabis-Infused Rolling Papers

Irvine, CA — September 07, 2017 – Terra Tech Corp. (OTCQX: TRTC) (“Terra Tech” or the “Company”), a vertically integrated, cannabis-focused agriculture company, announced it has filed a patent application with the U.S. Patent and Trademark Office (USPTO) for innovative cannabis-infused rolling papers. The inventive rolling papers, which are expected to launch in 2018, will be the latest addition to the Company’s portfolio of IVXX™ branded premium cannabis products, which includes flowers, concentrates, custom-rolled joints and edibles. As with all IVXX products, the rolling papers will be free of toxic pesticides, harmful molds and chemical residues.

The patent application covers the infusion of cannabis concentrates in rolling papers to achieve enhanced levels of active ingredients. Rolling papers with varying concentrations of cannabis concentrate, as well as with varying flavors and aromas, can be produced to achieve a personalized experience for the user. As part of Terra Tech’s aggressive IP protection program, the patent application is expected to ultimately mature into a fully enforceable issued patent to protect the Company’s proprietary technology.

Derek Peterson, CEO of Terra Tech, commented, “Infusing rolling papers with cannabis can enhance the user experience for adult-use and medical cannabis users alike, for example by customizing the amount of active ingredients available in a joint, without the need to manually add a concentrate to the flower in a joint. Furthermore, cannabis concentrate infused rolling papers can come in a range of different flavors. We are pleased to have filed this patent as we work toward growing our IP portfolio and expanding our range of premium quality cannabis products.”

Terra Tech’s proprietary IVXX cannabis products are grown and harvested under the safest and most beneficial conditions. All products are thoughtfully produced, rigorously tested and certified to the highest standards of potency and purity. They are sold in dispensaries across California and Nevada, including at Terra Tech’s ‘Blüm’ retail and medical cannabis in Oakland, CA, Reno, Nevada and Las Vegas, Nevada, as well as at third party dispensaries.
