Emerging growth company

If an emerging growth company, indicate by checkmark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Forward-looking Statements

Statements in Exhibit 99.1 to this Current Report on Form 8-K may be "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Words such as "anticipate", "believe", "estimate", "expect", "intend" and similar expressions, as they relate to Terra Tech Corp. (the "Company") or its management, identify forward-looking statements. These statements are based on current expectations, estimates and projections about the Company's business based, in part, on assumptions made by management. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. Therefore, actual outcomes and results may, and probably will, differ materially from what is expressed or forecasted in such forward-looking statements due to numerous factors, including those described above and those risks discussed from time to time in the Company's filings with the Securities and Exchange Commission. In addition, such statements could be affected by risks and uncertainties related to: (i) our ability to integrate Black Oak Gallery, a California corporation, into the Company's operations, (ii) product demand, market, and customer acceptance of the Company's products, (iii) the Company's ability to obtain financing to expand our operations, (iv) the Company's ability to attract qualified sales representatives, (v) competition, pricing and development difficulties, (vi) the Company's ability to conduct the business of IVXX, Inc., the contemplated businesses of MediFarm, LLC, MediFarm I, LLC, and MediFarm II, LLC, if there are changes in laws, regulations, or government policies related to cannabis, (vii) the Company's ability to conduct operations if disease, insects, or mites affect Edible Garden Corp.'s produce, herbs, and floral products, and (viii) general industry and market conditions and growth rates and general economic conditions. Any forward-looking statements speak only as of the date on which they are made, and the Company does not undertake any obligation to update any forward-looking statement to reflect events or circumstances after the date of Form 8-K.

Item 7.01 Regulation FD Disclosure.

On October 15, 2018, Terra Tech Corp. (the "Company") issued a press release announcing that its subsidiary, Edible Garden®, will exhibit its complete range of fresh, locally grown herbs and leafy greens at the Fresh Summit International Convention & Expo, booth #305, in Orlando, Florida from Thursday October 18 - Saturday, October 20, 2018. A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

The information contained in this Item 7.01, and in Exhibit 99.1, referenced herein is being furnished and shall not be deemed "filed" for the purposes of Section 18 of the Securities Exchange Act or incorporated by reference in any filing under the Securities Act, unless the Company expressly so incorporates such information by reference.

Item 9.01 Financial Statements and Exhibits.

(d) Exhibits:

<u>Exhibit</u>	<u>Description</u>
99.1	Press Release, dated October 15, 2018

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

TERRA TECH CORP.

Derek Peterson
Chief Executive Officer

Terra Tech Corp.'s Edible Garden Subsidiary to Exhibit at the Fresh Summit International Convention & Expo in Florida, October 18th – 20th

IRVINE, Calif. October 15, 2018 -- **Terra Tech Corp.** (OTCQX: TRTC), ("Terra Tech" or the "Company") a vertically integrated cannabis-focused agriculture company, is pleased to announce that its subsidiary, Edible Garden®, will exhibit its complete range of fresh, locally grown herbs and leafy greens at the Fresh Summit International Convention & Expo, booth #305, in Orlando, Florida from Thursday October 18 - Saturday, October 20, 2018. The Fresh Summit Exposition, hosted by the Produce Marketing Association ("PMA"), brings together 20,000 participants throughout the global fresh produce and floral supply chains to learn, network, build relationships, and conduct business.

At the Fresh Summit Expo, Edible Garden will showcase its complete range of branded produce, including its Organic 4th Living Herbs, premium cut organic herbs in clamshells, organic lettuce varieties including its utility patented, nutritionally-enhanced SUPERLEAF™ lettuce, which was developed in partnership with Nutrasorb LLC, in conjunction with Rutgers University, and contains 2.5x as many antioxidants as blueberries and 5X more antioxidants than ordinary lettuce.

Edible Garden features a national delivery platform including its state-of-the-art five-acre greenhouse where it grows produce for Fortune 500 retailers. All of Edible Garden's products are backed by sustainable and environmentally-conscious hydroponic farms and validated by a range of certifications including USDA Organic, Non-GMO, GFSI and Kosher Certification. The market for organic and locally grown produce continues to expand, with a survey by the Organic Trade Association putting the 2017 organic growth rate at 6X the pace of the overall food market. To meet this growing market demand, Terra Tech is focused on building scale at its Edible Garden business, including partnering with leading greenhouse operators for a national brand with a local delivery mandate. Additional infrastructure investments include a next generation packhouse at its Belvidere, NJ flagship farm.

Mr. Jim Kras, President and Chief Marketing Officer at Edible Garden, commented, "The Fresh Summit International Convention & Expo is a major industry event and we look forward to showcasing our complete range of produce at the convention and demonstrating our continued commitment to deliver the highest quality organic, fresh and local produce. We are the leader in 'fresh' with unmatched local products that are premium in quality and consistency – all produced using local growers that leverage sustainable technology. In other words, everything we sell is 'Edible Garden' certified quality. Additionally, we are the most innovative company in organic herbs with our new, proprietary self-watering, battery-powered herb display that enables our produce to live longer and stay fresh while on retailers' shelves. We are also a leader in organic lettuce varieties, including Superleaf™, which is high in vitamins A & C, magnesium, iron and potassium, as well as fiber and chlorogenic acid."
