Forward-looking Statements

Statements in Exhibit 99.1 to this Current Report on Form 8-K may be “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Words such as “anticipate”, “believe”, “estimate”, “expect”, “intend” and similar expressions, as they relate to Terra Tech Corp. (the “Company”) or its management, identify forward-looking statements. These statements are based on current expectations, estimates and projections about the Company’s business based, in part, on assumptions made by management. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. Therefore, actual outcomes and results may, and probably will, differ materially from what is expressed or forecasted in such forward-looking statements due to numerous factors, including those described above and those risks discussed from time to time in the Company’s filings with the Securities and Exchange Commission. In addition, such statements could be affected by risks and uncertainties related to: (i) our ability to integrate Black Oak Gallery, a California corporation, into the Company’s operations, (ii) product demand, market, and customer acceptance of the Company’s products, (iii) the Company’s ability to obtain financing to expand our operations, (iv) the Company’s ability to attract qualified sales representatives, (v) competition, pricing and development difficulties, (vi) the Company’s ability to conduct the business of IVXX, Inc., the contemplated businesses of MediFarm, LLC, MediFarm I, LLC, and MediFarm II, LLC, if there are changes in laws, regulations, or government policies related to cannabis, (vii) the Company’s ability to conduct operations if disease, insects, or mites affect Edible Garden Corp.’s produce, herbs, and floral products, and (viii) general industry and market conditions and growth rates and general economic conditions. Any forward-looking statements speak only as of the date on which they are made, and the Company does not undertake any obligation to update any forward-looking statement to reflect events or circumstances after the date of Form 8-K.

Terra Tech Subsidiary Edible Garden to Participate in The New York Produce Show and Conference December 12th

Irvine, CA - December 12, 2018 - Terra Tech Corp. (TRTC) (“Terra Tech”) or (the “Company”), a vertically integrated cannabis-focused agriculture company, today announced that its wholly-owned subsidiary, Edible Garden, will participate in the New York Produce Show and Conference, booth # 332, on Wednesday, December 12th in New York City. The conference is hosted by NY Produce and brings together 400 companies to learn, network, build relationships, and conduct business.

Edible Garden will have an exhibit booth at the show displaying its range of natural products including the new Organics 4” Living Herbs collection, its ‘Snip Its™’ line of fresh cut herbs and its utility patented, nutritionally-enhanced SUPERLEAF™ lettuce, which was developed in partnership with Nutrasorb LLC, in conjunction with Rutgers University, and contains 2.5x as many antioxidants as blueberries and 5X more antioxidants than ordinary lettuce. Edible Garden fully expects to harvest a large amount of interest among industry enthusiasts based on its 100% natural, fresh and local product lines.

Jim Kras, President and Chief Marketing Officer at Edible Garden, commented, “Edible Garden is pleased to once again participate in The New York Produce Show and Conference, which offers a fantastic opportunity to display and market our sought-after SUPERLEAF lettuce, Snip Its™ herbs and Organics collections to an engaging audience. We are proud of our non-GMO verified products, which continue to be a popular item for customers looking for locally sourced food that provides enhanced nutritional benefits. We are focused on continuing to expand our footprint as we aim to gain market share for Edible Garden and build shareholder value.”

Edible Garden features a national delivery platform including its state-of-the-art five-acre greenhouse where it grows produce for Fortune 500 retailers. All of Edible Garden’s products are backed by sustainable and environmentally-conscious hydroponic farms and validated by a range of certifications including USDA Organic, Non-GMO, GFSI and Kosher Certification. The market for organic and locally grown produce continues to expand, with a survey by the Organic Trade Association putting the 2017 organic growth rate at 6X the pace of the overall food market. To meet this growing market demand, Terra Tech is focused on building scale at its Edible Garden business, including partnering with leading greenhouse operators for a national brand with a local delivery mandate. Additional infrastructure investments include a next generation packhouse at its Belvidere, NJ flagship farm.
